

# Purdue wins Big

*In a stunning victory, Purdue's RHI Department may have scored its biggest achievement in history. Recently, the department awarded CRS the contract to implement the Maitre'D POS system in a four terminal multi purpose solution scheduled for installation in January. Even though there was fierce competition, Purdue's faithful prevailed. Hospitality students for years to come will be trained on one of the leading technologies in the marketplace.*

**Maitre'D is quietly gaining customers around the world because of the flexibility and stability of the company's 32 bit Windows software. So, if you are considering another solution, you might want to consider Maitre'D. whether yours is a table service, quick service or cafeteria—we can probably be very competitive while adding value. A free survey and analysis might save your company money, headaches, and heartaches down the road. CRS is a 30 year old POS provider that is anxious to help. Please feel free to call or email Dave White (800-333-1708 ex143 —davaw@crs-inc.com) or Ken Bunch (800-333-1708 ex117—kenb@crs-inc.com)**
