

## PEPE'S MEXICAN RESTAURANT

Rebecca Berumen has been in the restaurant business for 28 years now, and with the success of Pepe's in Frankfort, Indiana they expanded operations opening another Pepe's located in Lafayette, IN. After many years of working with a Panasonic POS system, she decided to install Maitre'D POS system supplied by CRS, running on five Posiflex touch screen terminals with two remote kitchen printers.

**"I love the fact that when I am on the phone with someone from your support team trying to work out a problem, there is already someone on their way here, and when they get here they know exactly what they are doing."**

**Owner Rebecca Berumen shown with Posiflex/Maitre'D terminal. "The system really pays for itself. It keeps track of everything for you, it has every last cent accounted for."**

**"This is great, with our last POS system I would spend hours doing like four reports to track payroll and timecards. With Maitre'D I don't have to do anything, just close it at night, then when I need it I just hit a button and everyone's hours come up nicely laid out."**

**"The fingerprint sign-in is a dummy proof system, it is very easy to use, especially since everyone is doing their own things. You don't miss a beat with it, we are very happy with the impact that this feature has had on our restaurant."**

**"WE HAVE BENEFITED SO MUCH WITH CRS/MAITRE'D, I CANT SEE US EVER DOING BUSINESS WITH ANY OTHER POS SYSTEM OR PROVIDER OTHER THAN YOUR COMPANY. I WOULD LOVE TO TALK WITH AND RECOMMEND CRS/MAITRE'D TO ANY RESTAURANT OWNER."** Rebecca Berumen – owner
