RAILER'S SIGNS WITH CRS

Dave Railer has been in the grocery business a long time dating back to the Wetterau days. Through the years and a lot of hard work, he has built a successful business by managing the details. He has just taken care of a major detail by electing to implement the Toshiba Symphony system in all three of his locations

Dave Railer signs orders for all three of his grocery stores for new POS systems from Toshiba Symphony. After looking at several competitive systems from the major vendors, Dave selected Toshiba based upon their reputation for reliability, and features as well as a favorable ROI
